## DAIL EIREANN FIRE PROBE IS NOW 'DROPPED'

Opposition in Irish House  
Gets Scant Information  
in Premises

DUBLIN, Sept. 28.—Efforts of the opposition to learn the origin of the fire which broke out in the Dail Eireann building prior to the last recess failed yesterday when the Dail recessed with the usual supervision of all who entered the house.

Patrick McGilligan, minister of external affairs under the former President William T. Cosgrave, attempted to learn the origin of the fire, but got little attention from the government spokesmen.

Minister of Justice Rutledge replied merely that investigation had failed to trace the origin of the blaze and the matter had been dropped.

The opposition has made no bones in hinting that the fire may have been required as justification for the strong steps the government recently has taken against the opposition, they should "be asked."

## NO DEFINITE DECISION AT WHEAT PARLEY

Meeting of "Big Four"  
Wheat Exporting  
Nations Breaks Up

LONDON, Sept. 28.—Another meeting between representatives of the "Big Four" wheat exporting nations—the United States, Canada, Argentina and the Soviet Union—ended today in an impasse, with no definite decision on the export of wheat to the Soviet Union.

The Russian Ambassador, Count Benckendorff, told the press that the government had not changed its position on the wheat export question.

The official statement said that "further negotiations will be carried on between the government."

The Soviet delegation, which met yesterday for the first time, said that the meeting had been a success.

Under the international wheat agreement drawn up at the world conference in London, the Soviet Union is permitted to export 4,000,000 bushels.

## ALIBI CLAIMED IN CAMP RIOT

SASKATON, Sept. 28.—Louis Arthur Guay, an Irishman, was charged with the murder of a fellow inmate in a riot at the Saskatoon Reformatory.

The riot broke out in the morning and resulted in the death of one inmate and the wounding of several others.

The riot was the first of its kind in the history of the reformatory.

## OIL FIRE IS SPECTACULAR BUT HARMLESS

New Jersey Town Excited  
When Smoke, Flames  
Shot Skyward

RAYMOND, N.J., Sept. 28.—A huge oil fire in a cracking coil plant in the town of Raymond, N.J., today excited a fire that caused little damage but great excitement in the city.

The show of smoke and flames was spectacular and most of the city's fire-fighting apparatus responded to the alarm, along with two ambulances. No one was injured and the company's own firemen quickly extinguished the blaze.

First reports and a crackling coil still blew up. Smoke and flames could be seen from all parts of the city.

The plant employs about 1,000 men and covers considerable ground.

## At Consecration in Montreal

Photo shows the magnificent scene as Mr. Emile Yelle, Archbishop-elect and coadjutor of St. Boniface, was consecrated in Notre Dame Cathedral, Montreal, before Cardinal Villeneuve, Archbishop of Quebec, and Mr. Andre Casault, papal delegate, as well as 37 members of the Roman Catholic Episcopate. The ceremony took place September 28. The bishop-elect is shown kneeling before the altar in the embowered choir with Archbishop Gauthier pronouncing the ceremony. Notre Dame Cathedral, which seated 13,000 devout worshippers at the time, presented a scene of majestic beauty.

## Mayor Has No Pull In Home Town

SALT STE. MARIE, Ont., Sept. 28.—Mayor Vital Rivest, Salt Ste. Marie, having lost his appeal against conviction of being drunk in a public place, will serve three months in jail.

Increased Employment, Slight Fat Pay Envelopes Noticed

CANADIAN PRESS Staff Writer  
NEW YORK, Sept. 28.—Cold figures today brought warmth to the hearts of President Roosevelt's better-dressed drivers.

Increased employment, slightly higher pay envelopes, a tightening of wholesale prices, were on record and the increasing trend was carried forward from July into September even if at a somewhat slower rate than the more rapid advances of NRA had hopefully predicted.

Re-employment of 815,000 persons during August, with 1,100,000 still jobless, was the estimate of the American Federation of Labor.

92 PER CENT RISE  
Average hourly earnings of wage-earners in 25 manufacturing industries reported to the National Industrial Board rose from 65 cents in July to 92 cents in August, or 92 per cent, while average hours of a week fell from 42 to 36, or 53 per cent.

The net result was a slight rise of 10 cents, or 63 per cent in average weekly earnings, which were \$15 in July and \$19.25 in August. Since, however, the cost of living rose relatively more between these two months than did average weekly earnings, real weekly earnings declined 18 per cent.

The number of persons employed increased 18 per cent in August over July, and since the contents of the average weekly pay envelope increased slightly in August, total pay disbursements in the 25 manufacturing industries rose more than nine per cent. Total 1932 pay was \$1.25 per cent, less in August than in July.

In the aggregate, the changes were looked upon as reflecting the government's industrial policy, rather than increased business activity.

HIGHER PRICE REACHED  
Wholesale prices—the labor department's gauge of the cost of living—reached a high point during the week ended September 23, then in any similar period this year. The figure, taking 1926 as 100, was 71.5, an increase of 30 per cent, since March 4, when it stood at 54.8. The figure for the week ended September 16 was 70.5, an increase of 28 per cent.

Increases in farm prices were responsible for most of the gain, rising more than 10 per cent with grains, livestock and cotton leading. The index for the week ended September 16 was 115.5, an increase of 12 per cent over the week ended August 13.

The officers arrived here about two weeks ago on their little craft, equipped with any kind of military engine, after an adventurous crossing of the Pacific from Hong Kong, and sailed again yesterday. They will make their first stop at San Francisco.

Pooley Says Some  
C.C.F. Members In  
League With Reds

VICTORIA, Sept. 28.—Hon. R. H. Pooley, attorney-general of British Columbia, stated in an address at Saanichton last night he had secret service reports on some members of the so-called Communist movement in British Columbia.

Some of the leaders in this province, he declared, were hard on the Communist movement. "One or two," he added, "were on J. S. Woodsworth's staff in Vancouver and others were busy engaged in distributing Communist literature."

If the C.C.F. gained power the Communist element "would cut the throat of the movement who are being misled," Mr. Pooley declared.

Constable Fined  
NATCHESTER, Ont., Sept. 28.—Constable Thomas Farrell was fined in the police office when he fell asleep on duty on the town of Wheeling around, he said, "saw Edgar there, a man, and kicked him in the shin. While occupied of being kicked in the shin in police court, Constable Farrell was found guilty and fined 10 shillings and costs."

## RECOVERY BOARD POWERLESS TO ASSIST STRIKERS

Indefinite Shutdown of  
Pennsylvania Plant Is  
Henry's Answer to Tuesday  
Walkout by Thousands of  
Workers.

WASHINGTON, Sept. 28.—New labor troubles were thrown ahead of the course of the recovery administration yesterday to intensify the differences between NRA and the Ford Motor Company.

A federal mediator, sent to Chester, Penn., to conciliate a strike of Ford employees, was told on his arrival there that there was nothing to mediate because the plant had been closed.

Senator Robert Wagner, chairman of the National Labor Board, received a report from J. F. Dewey, the mediator, of the closing of the plant for an indefinite period.

"The NRA is powerless as an employer to shut-down his plant," Wagner said in reply to questions. "The Recovery Act does not require anyone to operate if he does not so choose."

Unions Demand  
30-Hour Week  
WASHINGTON, Sept. 28.—Unemployed workers started a movement yesterday to take advantage of opportunities allowed them under the United States recovery act and demand officially through the American Federation of Labor that forthcoming NRA codes limit their hours on the job to 30 a week.

Two meetings preparatory to the federation convention next week were under way—the metal and electrical trades, in reply to official reports to both said a work-week longer than 30 hours would not be re-employed the same.

Protestant Clergy  
Angered At Nazi  
WITTENBERG, Germany, Sept. 28.—Two thousand Protestant clergymen last night lodged a protest against the national synod over the methods adopted by the Nazi churches for stifling all opposition.

The protest was received after the synod's decision of the German Protestant church was made complete by the election of Ludwig Muller as the first Reich bishop.

cent pay cut in addition to a five per cent cut previously accepted.

Mr. Murray said he would visit Dominion authorities at Ottawa, explaining the situation. The company feared with falling street railway revenues was seeking pay adjustments, he said.

AGED ARCHITECTS  
BARRED FROM JOB  
LONDON, Sept. 28.—The government has decided architects more than 55 years old are too old to compete in designing the great \$100,000 office block to be built in Whitehall, center of the United Kingdom's administration.

This rules out such well-known architects as Sir Edwin Lutyens, Raymond Unwin, Herbert Baker, Reginald Blomfield and Basilier Firbank.

Reason given for the age limit is that building of the new block will occupy several years and according to the government experience shows that elderly architects engaged in a big undertaking often die before the work is completed.

### Sweet Caporal CIGARETTES

"The Purest Form in which Tobacco can be smoked"—Lancet

**HOLLYWOOD GOSSIP**  
INTIMATE GLIMPSES AND INSIDE STUFF ON THE MOVIE COLONY

By DAN THOMAS

**HOLLYWOOD**, Sept. 28.—Interesting facts about the movies and movie makers:  
Jack Francis always wears bed-ridden slippers in scenes in which he is to do some of his stunts. Dick Powell was the champion high jumper of Little Rock, Ark., a few years ago.  
Joe E. Brown refuses to play the role of a matchmaker.  
Mary Astor's real name is Loretta Langhorne.  
Gloria Farrell talks just as fast off the screen as she does in front of the camera. So does Lee Tracy.  
Any film star can rent any picture for private use for \$25 a night and as a result many of them see all pictures right in their own homes.

**BEST ACTORS**  
Lucian Littlefield has appeared in 301 motion pictures.  
Lena Lee started her acting career at the age of five and was given her first five-year contract by Paramount when she was 12.  
Seventy-two different kinds of blouses have been worn by the actress in the picture "The Sign of the Cross."  
Norman Foster has made nearly 100 films in making many motion pictures.  
Vivian Grey writes poetry and poetry and he can read a note of music.

**NO RELATIVES**  
Beverly and Lee Tracy are not related in any way. Neither are Preston and Norman Foster.  
Gloria Swanson was responsible for getting John Boles started in motion pictures.  
One gown which Sally Eilers wears in her new picture weighs 40 pounds and it took 10 women seven days to make it.

**SEATTLE WOMAN LEAPS TO DEATH**  
SEATTLE, Wash., Sept. 28.—Leaving instructions that her belongings be forwarded to her daughter, Lorraine Spedding at Regina, Mrs. Catherine Bell, 38, Seattle, leaped to her death Wednesday from a hotel room on the second floor of a hotel. Three suicide notes were found in her hotel room. One was addressed to her husband, Stanley Bell. Another said failure to obtain a divorce was the cause of her suicide. The third note was addressed to her daughter and prompted her to end her life. The third asked her belongings go to the daughter.

**JURY DUTY WAS A BRIDGE PARTY**  
BATTLEFORD, Sask., Sept. 28.—The jury empaneled to try Steve Bohm, 19-year-old Kildry youth, on a charge of murdering Peter Pomeroy, 22-year-old Kildry youth, last night on the city street Wednesday. They failed to make an appearance. Locked up Tuesday afternoon as counsel began to argue technical points in connection with alleged confession given police by Bohm, the presence of the jury was not needed on Wednesday. The lawyers still battling over legal points.

**Move Afoot For 13-month Calendar**  
WASHINGTON, Sept. 28.—Statistics are pointing to the 13-month calendar as a probable development from the codification of United States industry. The stimulus to this end is the necessity for producing figures covering the same periods for all industry to form a firm factual basis for the war-time economic planning may develop.

**Confidence Man**  
VANCOUVER, Sept. 28.—William Smith, alias Leslie Barton, 26, was found guilty in county court yesterday of conspiring to rob \$7,300 from Mr. and Mrs. James Campbell, Stratford, Ont., and was sentenced to 10 years imprisonment.

**MACHINE GUN CONFESES TO KIDNAPPING**

Captured Gangster Admits Participation in Urchel Abduction

MEMPHIS, Sept. 28.—George (Machine Gun) Kelly was quoted by W. A. Rorer of the United States department of justice last night as having admitted the kidnapping of Charles F. Urchel of Oklahoma City.  
"You got me right on the Urchel, not on the Chicago robbery or the Kansas City Union station job," Rorer said Kelly told him.  
Rorer was the department of justice agent who led the raid on the house where the notorious Kelly and his cohorts banded wife were captured Tuesday. The confession was made while the agents were talking to Kelly in his cell.  
Kelly would say no more to his brief statement than the brief quotations.

**Shannon Family Trial Closing**  
OKLAHOMA CITY, Sept. 28.—The government took part in the testimony of a federal agent and wound up the Charles F. Urchel kidnapping conspiracy trial late yesterday. Arguments will begin today.

10th	71 1/2	72 1/2	72 1/2	72 1/2	

The late selling movement found little support in the market and prices quickly backed away. The close was only fractionally removed from the day's low point.

October wound up the session at 81 1/2. December at 81 1/2. May and May options at 81 1/2.

Export business in Canada wheat, estimated at only 50,000 bushels, was scarcely a market factor. Volume of trade was moderate.

Heading pressure was not particularly heavy but showed an increase over recent sessions as clearing weather closed farmers to deliver grain to country elevators. Liverpool prices eased higher to an extent.

Cash wheat in excellent demand, but only a moderate buying was worked at upwards 1/2 cent better. Canadian grain prices followed wheat value downward.

## STOCKS RECOVER SOME TERRITORY LOST YESTERDAY

NEW YORK, Sept. 28—Stocks moved up steadily today, recovering some of the territory surrendered yesterday. The trading volume died on yesterday, rather, however, and about the best the leaders could do was to hold advances of around 1 to 2 points. Inflationary uncertainties seemed to retard the activity. The close was steady to firm in foreign exchange transactions.

Participation was at a minimum. Professional floor traders accounted for most of the fluctuations. Grain, cotton and other commodities were hesitant and somewhat lower. Here, too, buyers and sellers appeared to be bogged by recurrent rumors of the government attitude toward inflation and sound money. Bonds rallied about in an uneven range. The dollar was steady to firm in foreign exchange transactions.

Stones of Allied Chemical and U.S. Smelting got up about 3 points each and National Builders, which will be a wholly divided on Monday, also rallied about 3. Others up fractionally to a point or more included American Telephone, U.S. Steel, Chrysler, General Motors, Consolidated Gas, John-Manville, Westinghouse, Du Pont, Western Union, American Smelting, Public Service of American Chemicals and American Oil of New Jersey.

## Subsidy On Wheat Through Montreal

MONTREAL, Sept. 28—Effective Oct. 1, the Montreal Harbor Commission will pay a subsidy of \$14 of a cent per bushel on all grain exported through Montreal grain elevators. It was announced today.

The following statement was issued by John F. Newman, chairman of the board of harbor commissioners of Montreal:

"The harbor commissioners of Montreal have decided that, effective Oct. 1 until the end of the present navigation season, all grain delivered out of their elevators an allowance of 14 cents per bushel of grain per bushel of grain will be made."

Grain men were highly pleased with the announcement, branding it as a very important step with vital consequences to the grain market. "It is a very constructive action," said Newman, "and it will be a great help to the new rate is available from Oct. 1 until the end of navigation season should have beneficial results and I believe it will justify the commission in continuing the rate in the 1934 season."

## MINE MARKET TURNS UPWARD

TORONTO, Sept. 28—Traders turned to the buying side in the closing half-hour today on the Standard Mining Exchange and while the turn over was only moderate prices firmed all along the line. Gold shares advanced in sympathy with the general market, but the most active trading was in the base metal group with the silver and copper shares leading.

Domestic 123 higher. Lake Shores about 90 cents up and Michigan 81. Wright-Harvey, relative and York picked up 2 to 10 cents. Some of the cheaper goods were in demand.

Nickel in good demand throughout the day, advanced strongly in the late afternoon, finishing with a gain of 10 cents to \$1.30 and some also advanced in the base metal group. The price of nickel was 1.30 and the price of copper was 1.30.

Nickel in good demand throughout the day, advanced strongly in the late afternoon, finishing with a gain of 10 cents to \$1.30 and some also advanced in the base metal group. The price of nickel was 1.30 and the price of copper was 1.30.

## MOGULS FORM PUCK CIRCUIT ON WEDNESDAY

**Edmonton, Calgary, Vancouver, Portland  
And Seattle Included in League—Dr.  
Gordon Leitch Named President**  
By GORDON R. "DUKE" KEATS

**SPOKANE, Sept. 28.**—We—that is the Edmonton Eskimos—are sitting pretty to extend our winning ways of last winter as proved by winning the Western Canada Hockey League championship, through the organization here on Wednesday night of a new five team "North Western Hockey League." Eskimos were voted a franchise and I'm

any revenue notice right now that  
that will be in the hunt for  
he start.

In addition to the franchise

**Earn Right To Oppose**  
**Muttarts in Finals**

we will have a team in there  
the old gaudian right from

voted Eskimos, the following  
were granted: Guy Patrick Van-  
couver, Caldwell, Seattle, Lloyd  
Turner, Calgary; Scott, Portland.

**TACOMA REPRESENTED**

Tacoma was represented at the  
meeting, the arrangement in regard  
to that city being that the franchise  
would be granted if the arena now  
under construction could be fin-  
ished in time.

A notable feature of the meeting  
was the receipt of an application  
from Henry Roche of Edmonton  
for a second franchise. The com-  
missioners, however, declined ad-

### By 4-1 Triumph

By TOMMY GRAHAM

Turning in one of their best performances of the year behind the net, the Bruins won a 4-1 triumph over the Canadiens in the first round of the playoffs.

The highly expected mounted performance of Vint and Harris gave the Bruins a 4-1 triumph over the Flyers in the first round of the playoffs.

The competitive season will open on Saturday, March 28, with Calgary Tigers taking their initial bow. Ekimovs will follow at the

the children's score. Vint turned in one of her best performances to date as the left fielder, hitting a home run and holding them scoreless for five innings. Her smooth working curve ball was a real asset to the team as the Eaton hillside welders left them of it.

It was also smart, chunky by departmental store girls, way by means outside,ed by Vint. She started an effective band of tailors, and she was a real hit for nine times by Kokime's hitters. She sent ten batters down vic-

men given their usual support by the mates with the big sickle and might have turned the tide in a victory. Three free bases were issued by the chuckers. Vint allowed one walk and hit two while Harris walked three.

With scoreless ball predominating the opening inning the Two Rivers took command of the game in the second frame when they managed to count one run. Piggybacked the lead to the third frame and a single and advancing a pair of bases on steals, ran home on a single. Shubert walked.

After another inning of scoreless ball the game was tied in the
